Correction to Description of Occupancy and Camping Closure on Certain Public Lands Managed by the Bureau of Land Management, Las Vegas Field Office

AGENCY: Bureau of Land Management, Interior.

ACTION: Correction to Occupancy and Camping Closure on Selected Public Lands in Clark County, Nevada.

SUMMARY: This notice corrects the legal and geographic description of a closure notice published in the **Federal Register** Vol. 63, No. 38, page 9858 and 9859 on February 26, 1998 wherein the Field Office Manager of the Las Vegas Field Office announced the Closure of certain public lands in the Las Vegas Valley to occupancy and camping. The original description listed the southern boundary as generally following Lake Mead Blvd. (State Route 147). The correct description should have been *Lake Mead Drive (State Route 146)*. A correction has also been made to remove certain restrictions listed in the original Closure Notice that were confusing, redundant or gave the impression of Federal enforcement of State statute. The increase in population and growth in employment in the Las Vegas area, has attracted many short term and transient residents and workers. Many of these individuals set up residence on public lands under the guise of "camping." This problem is particularly

prone to occur on public lands within the urban Las Vegas Valley.

Trash accumulation and human refuse are impacting public and private lands. There are no public facilities on any of these lands. The existing 14 day camping stay limit has been effective in correcting this situation. In addition, many of these lands are now adjacent to, or included within, private residential and commercial development due to the inter-mixed public-private land ownership pattern in Las Vegas Valley. This action is being taken to help ensure public safety, prevent unnecessary environmental degradation and prevent long-term occupancy of public lands.

EFFECTIVE DATE: Effective immediately upon publication (November 30, 1998).

Closure Area

Public Lands affective are within the following townships: All public lands within Townships 18 S to 22 S and Ranges 59 E to 64 E and certain lands in Townships 23 S and 24 S Range 61 E to 63 E MDM; which can generally be described as falling within the area encompassed by Lake Mead Drive (State Route 146), on the South; the Red Rock Canyon National Conservation Area Boundary; on the West; the Lee Canyon Road (State Route 156), Corn Creek Road and the southern boundary of the Desert Game Range on the North; and the Lake Mead National Recreation Area Boundary on the East.

Maps depicting the area affected by this closure order are available for public inspection at the Las Vegas, Field Office, Bureau of Land Management.

Exceptions to Closure

Camping locations which may be designated by the Las Vegas Field Office Manager for over night use. Such designations may be by the posting of appropriate signs, by publications in the **Federal Register**, or be made available to the public by other means deemed appropriate by the authorized officer.

Closure Restrictions

Unless otherwise authorized, within the closure area no person shall:

- Camp or engage in camping.
